

## Legion Insists Dr. Sawyer Be Taken Off Board

State Convention Charges He Thinks More of Economy Than of Saving the Lives of War Cripples

Callan New Commander

Inspection of Immigrants Before They Leave Ports of Embarkation Urged

By Walter J. Fenton

SYRACUSE, N. Y., Sept. 23.—A resolution demanding the removal of Brigadier General Charles E. Sawyer, personal physician to President Harding, as chief co-ordinator of the Federal Hospitalization Board, was adopted by the American Legion convention here to-day. The resolution accuses General Sawyer of being "more interested in economy than in saving the lives of the men who gave their health to the country."

Before the resolution was adopted State Commander Deegan told of General Sawyer's refusal to visit the hospitals for disabled veterans in New York City, giving as his excuse his inability to leave Washington for a single day. The resolution reads:

"Whereas, although four years have elapsed since the signing of the armistice, and vast sums have been appropriated by Congress for the hospitalization of sick and disabled veterans of the World War, there are many thousands of such veterans suffering without hospital care or in state or contract hospitals or in unfit emergency government hospitals; and

Year of Delay Charged  
"Whereas, in many cases more than one year has elapsed between the date of Congressional appropriation and the selection of sites for new hospitals, while many of the men for whom such hospitals were intended have died for the lack of proper treatment; and,

"Whereas, the blame for such inexcusable conditions has, in the past, been chargeable to the divided authority and lack of co-operation among the various government agencies entrusted with the work of hospitalization; and,

"Whereas, the director of the United States Veterans' Bureau has made commendable efforts to get these hospitals completed while there is yet hope of saving many of the veterans in need of them; and,

"Whereas, Brigadier General Charles E. Sawyer, chief co-ordinator of the Federal Hospitalization Board, has hampered the efforts of the director of the Veterans' Bureau to accomplish this

State Legion's New Chief

Albert S. Callan who was elected commander of the New York division at the convention yesterday in Syracuse

result; has shown an utter inability to understand the necessity of immediate action toward hospitalization of these veterans; has repeatedly made public statements which can be construed only to mean that he is more interested in economy than in saving the lives of the men who gave their health to their country; has in his public statements shown his complete ignorance of existing conditions; has refused to meet the commander of the department of New York for discussion of the needs of the veterans in the department, stating that as medical adviser to the President he could not leave Washington for one day; has caused to be published statistics regarding available hospital beds which were totally at variance with the facts and with the published figures of the Veterans' Bureau; and has shown himself by speech and action to be temperamentally unfitted for the position; therefore, be it

Veterans' Bureau Indorsed  
"Be it resolved, That the New York Department of the American Legion, in convention assembled, indorse such efforts as have been made by the director of the United States Veterans' Bureau to complete the necessary hospitals and to place therein such veterans as are in need of hospital treatment; and that this convention indorse the hospitalization program as recommended by the hospitalization committee; and be it further

"Resolved, That the American Legion demands the removal of Brigadier General Charles E. Sawyer from the post of chief co-ordinator of the Federal

Hospitalization Board and his restrictions to the duties of medical adviser to the President of the United States." The convention urged that the State Department recommend to the national convention that "The Star-Spangled Banner" be adopted as the national anthem; that the pledge given foreign-born allegiance to the flag be changed to read "The flag of the United States of America," instead of the words "Our" or "My." The convention also urged that, in an effort to relieve the immigration situation and the delays due to the present quota system an inspector be attached to the consulate of each country whence the immigrants come properly to approve each immigrant.

Callan Elected Commander

The entire afternoon was devoted to the election of new state officers. The result follows: Albert S. Callan, of Chatham, commander; C. A. Cannon, of Richmond Hill, first vice-commander; William E. Flanders, of Norwood, second vice-commander; Chester D. Fuller, of Syracuse, third vice-commander; John R. Schwartz, of Poughkeepsie, adjutant; William T. Huise, treasurer, and the Rev. Father Arthur P. Lemay, of Bath, chaplain.

While the Legionnaires were assembled in the state armory, the members of the auxiliary were in session at the Onondaga Hotel. The new officers of the auxiliary are: Mrs. William G. Keens, of Albany, president; Mrs. Charles R. Seymour, Mrs. Irene Lamb, of Brooklyn, and Mrs. B. L. Ryan, vice-presidents. The office of treasurer and secretary will be filled by appointment by the executive committee.

In announcing Saratoga Springs as the next place of convention the delegates gave a rising vote of thanks to the retired commander, William F. Deegan, and pledged themselves to work for his election to the post of national commander.

### Buy Coal Cautiously, Ford Advises Public

Prices Are Tumbling, He Asserts, After Contracting for His Own Supply

DETROIT, Sept. 23.—Henry Ford, in a newspaper interview late to-day, advised the people of the country to "buy as little coal as possible now," declaring, "Coal prices are tumbling."

Mr. Ford gave the interview soon after his return from southern Ohio, where he arranged for an uninterrupted movement of coal to his Detroit industries.

### French Delegation to Legion Convention Will Sail Oct. 1

PARIS, Sept. 23.—The French delegation to the annual convention of the American Legion at New Orleans next month will depart for New York on the steamship Lorraine on October 1. The party will be composed of Deputy Charles Bertrand, Lieutenant Marie Davignone and Lieutenant Andre Bouard, respectively president, general secretary and treasurer of the Inter-Allied Veterans' Federation, and Marcel Herault, a member of the Paris Municipal Council.

## Canton Crepes and Canton Satins \$3.75 Qualities at \$2.50

AT this great price concession because of an occasional mis-weave which in no sense affects the wearing qualities. Beautifully finished and 40 inches wide. Pure silk in the weight that will drape perfectly. Here is a partial list of the correct colors as decreed by Paris.

Browns, Such as Havana, Toast, Caramel, Castor and Others. Jade, Henna, Steel, Aster, Belgian Blue, Copen, Navy, Black.

## \$2.50 Crepe de Chine, and Broad Cloth Shirting, \$1.98

Thirty-two inches wide. White grounds with colored stripes. Just the sort of silks of which you have seen so many frocks this summer. This remarkably popular silk was sold to us having weavers' mis-weaves, but they are so slight you will scarcely be able to locate them. They will not interfere with the beauty or wearing quality of your garment.

## \$2.50 Crepe Meteor, and Crepe de Chine 40 Inches Wide, at \$1.98

Navy, black, and 20 modish shades. From the same dependable manufacturer from which come the other offers noted above, and so low in price for the same reason, an occasional mis-weave. Firm and of correct weight for the season's frocks.

Loeser's—Main Floor, Bond Street Entrance

## All Wool Jersey Tubing, \$1.49 Yard

54 Inches Wide : A Low Price Record

HEATHER MIXED Wool Jerseys, giving the appearance of tweeds, so effective are the mixtures. Medium and dark blue and brown. This is one of the most popular fabrics for fall frocks, and at this remarkably low price presents an unusual value opportunity.

# ENOZ KILLS MOTHS

(Won't stain or injure the most delicate fabrics)

**Moths work all year 'round**  
Use Enoz now—save your clothes

Remember that each female moth miller lays from 80 to 220 eggs. Every egg can develop into a moth worm. And just one worm can destroy your most prized sweater—sport skirt—wool hose—or summer suit.

A moth egg is about the size of a pin point. You can't see it with your naked eye. So although your clothes may seem free from moths you can't know how many eggs are hidden in them. And the moth miller always lays the eggs where they are hidden—in the seams and folds. You never see them until they hatch into worms.

Enoz is the original, guaranteed moth killer. Not a drop of water—not an atom of grease in it. It can't stain or injure the most delicate fabrics, furs, feathers or upholstery. You can use it freely on your finest things. It can't harm them. Yet it is so powerful it kills every moth—every moth worm and, what is more important it destroys the eggs. Being a fine spray it penetrates into the hidden places and destroys every vestige of moth life. It doesn't merely "smell" moths away. It kills them.

Moths work all the year 'round. You may not see them flying this winter but the eggs already laid will be hatching into moth worms which will continue to eat and destroy. That is why you sometimes find a garment all eaten to bits, when you thought it was free from moths.

A pint of Enoz and a Sprayer costs only \$1.60. Your druggist or department store has it. Will you spend that amount to be sure that none of the garments you are putting away for the winter will be destroyed by moths?

In Answer to Thousands of Inquiries

You know that a rifle powerful enough to kill an elephant will kill a coyote. Enoz kills moths—the toughest of household pests. Of course it kills other household insects.

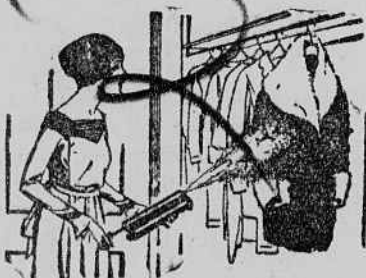

If your home, office, warehouse, mill or plant is infested with any insect you don't understand our Department of Entomology and Research will be glad to help you, without charge.

Enoz is packed in large containers for industrial use.

## New Fur Coats

Feature New Low Prices

AND the smartest new styles that can come out of Paris. Made in America, of course, to save cost of importation; but copied or adapted from superb models that came right out of la belle Paris.

Such a Variety, Too!

As one stands by the Loeser cases holding these rarely beautiful garments one can choose from the many, of which there are scarcely two alike. This ample choice gives great satisfaction to a patron who plans to spend generously; for satisfaction is the final result. For example:—

## Hudson Seal Coats at \$295

Made of the finest grade of Northern muskrat (seal dyed in the richest tones) and trimmed with contrasting fur or with self garniture have an elegance that would be difficult to exceed. The Bishop sleeves, the graceful flare of the full skirt of the coat, not to speak of the correct lining—all add a charm not to be overlooked because the price is so seemingly low for so handsome a garment. Other models at \$395.

Or perhaps you prefer

## A Persian Lamb Coat at \$295

With its luxurious collar and cuffs of skunk, and its lining of rich crepe silk—Canton crepe to be more exact; 40 inches long and a graceful swing. Other models at \$395.

Loeser's—Second Floor

## Spanish Lace Flouncings \$1.75 a Yard

ACCORDING to sound prediction many yards of these Flouncings will be required to fill Fashion's demands this season for evening and afternoon wear. These Flouncings are of very fine quality and come in a splendid assortment of street and evening shades. Exceptional value for \$1.75 a yard.

Loeser's—Main Floor

## May-O-Belt Corsets at \$3.25

In a Popular Model

THIS GOOD CORSET, much liked by many Brooklyn women, may be procured in the Loeser Corset Section. The Corset is made of heavy pink coutil, is well boned, reinforced over abdomen, has elastic insert at bottom of back and medium top trimmed with braid. An excellent fitting Corset for the average figure. Sizes 24 to 36.

Loeser's—Second Floor

## More Boys' Suits at \$10.75

Those New All-Wool Two-Trouser Suits With the Wonderful Linings

MORE of the same excellent Suits we advertised the other day. We find that to show them is enough to sell them! And why not?

Loeser all-wool fabrics would alone be sufficient value assurance. But when parents see the linings—the foundation of a Suit's wearing and shape-holding ability—the big value is more than ever apparent.

The styles are the popular belted sports models. The fabrics are good-looking, well-wearing mixtures—all wool—all the goodness is not in the linings, understand. But the lining is an excellent place to have extra good quality.

All the wanted shades. All sizes, 7 to 16.

Boys' Caps made of remnants and swatches of superior suitings, special at 95c

Blouses, good madrases, collars attached, 6 to 16, at 75c.

Loeser's—Main Floor
